

Micro Penetration Testing Services

First-hand insights into vulnerabilities

Cyber threats evolve quickly, and even small vulnerabilities can lead to major consequences. Cowbell's Micro Penetration Testing Services give policyholders clear, actionable insights into vulnerabilities before attackers can exploit them.

Cost Savings

Policyholders will get access to complimentary MPT that can cost up to \$15,000 for SMEs.

Fast and Accurate Reporting

Each engagement takes only five business days. At completion, policyholders receive a detailed report that highlights open vulnerabilities and provides clear, actionable solutions for remediation. The result: clarity that cuts through complexity and guidance that strengthens defenses immediately.

No Data Retention

Policyholder data is never retained.*

**(5-day data retention policy post engagement)*

Valuable Partnership

Our Cybersecurity Services team is committed to providing the resources businesses need to minimize vulnerabilities and strengthen resilience throughout the life of a policy.
